

Finding Drug Information

Mac-CARE and the Health Sciences Library
Faculty Development Education Series

Monday,
March 7th, 2022

12 PM – 1 PM | Zoom

About this workshop

This session will introduce learners to the major drug information resources that are available through the McMaster Health Sciences Library. Attendees will learn how to use the online CPS and Micromedex. Through these tools, learners will be introduced to finding drug information, drug interactions, IV compatibility, and much more!

Learning Objectives

By the end of the session, you will be able to:

- Compare and contrast various sources of drug information
- Complete successful searches for known drugs
- Complete successful searches on drug interactions
